Traditional Interior Designer

Daher Interior Design

Drawing inspiration from her frequent travels around the globe, Paula Daher infuses the rooms she designs with distinction and dimension while always honoring the true architecture of a space. She reveres New England's time-honored housing stock and is equally adept at tailoring the scheme of a brand-new residence in one of the city's high rises. Daher can be counted on to infuse interiors with a fresh and elevated vibe while maintaining a polished, classic appeal that never feels staid or predictable.
